

Week 01 – Network Traffic Analysis

Finalized Decisions & Immediate Actions

Finalized folder structure

Folder / File	What to upload
README.md	Project description and analysis overview
screenshots/	Wireshark analysis screenshots
filters/	Wireshark filters.txt containing the display filters used
report/	The final PDF network traffic analysis report

Required report location

Upload the final PDF report inside the report folder. For example:

```
report/  
Network_Traffic_Analysis_Report.pdf
```

Immediate actions

1. Create the report folder inside week-01-network-traffic-analysis.
2. Place the completed Network Traffic Analysis PDF inside the report folder.
3. Keep the screenshots in the screenshots folder.
4. Keep wireshark-filters.txt in the filters folder.
5. Upload the complete project structure to the GitHub repository.

Final GitHub structure

```
week-01-network-traffic-analysis/  
  README.md  
  screenshots/  
  filters/  
  report/  
    Network_Traffic_Analysis_Report.pdf
```
